TUCK'S POST CARD

CARTE POSTALE. POSTKARTE.

Printed in Bavaria.

The National Gallery. East of the New Museum rises the National Gallery, a red sandstone building in the form of a Corinthian temple. It stands in the centre of a square surrounded with Doric colonnades, and in front of its south façade stands an equestrian statue of Frederick William IV. after whose plan the Gallery was built in 1876. It contains a collection of German paintings and sculptures of the 19th century.
